

Task Brief: Conduct Survey on Tech Adoption Barriers

Objective

To gather insights from users who face challenges in adopting the latest technologies. This survey will help identify gaps in awareness, usability, infrastructure, and readiness.

Scope

- Prepare and distribute a survey form
- Identify relevant users and conduct interviews if required
- Collect, compile, and summarize feedback
- Suggest improvements or interventions based on findings

Deliverables

- Survey Form (Google Form / PDF)
- Daily Progress Updates (PDF/Image)
- Final Report summarizing findings and recommendations

Deadline

Complete the task within 5 working days from assignment date.

Team Members

Alice (Research), Bob (Outreach), Charlie (Data Entry)
